	SUBJECT:	
	l. Investigation indicates that on 4 April 1951 you became aware that had misappropriated to his own use operational funds of this Agency. It appears that you failed to call this matter to the attention of your superior officers, but retained the man in your Division and within four months approved a promotion for him.  2. I find no record to indicate that this matter was reported by you. If you failed so to report, I can only conclude that in this case you failed to display the maturity of judgment expected from an officer of your seniority. If you can give me a reason why this conclusion is unjustified, please advise me.	25X1
